SAMBROS TECHNICAL SERVICES

ABOUT US

Sambros Technical Services is established in 2021 in UAE under the umbrella of Sambros International with the aim to provide exclusive maintenance and technical services to our valuable clients with specific prominence on quality and safety.

With Sambros' 360 degree of adaptability in assorted services, building and maintenance skills, reasonable price factor and enhanced working exposure, services provided by our experienced team are highly appreciated across the UAE.

Sambros Technical Services is a single source vendor for all your technical needs of construction from painting, plaster works, electrical needs, carpentry services and facility maintenance services for commercial buildings. We specialize in providing professional building maintenance services to residential and commercial sectors like flats, villas, hotels, banks, retail, schools, hospitals and commercial building.

OUR MISSION

With our flexible technical service plans tailored to meet each individual client's specific needs and budget, building technical services has been able to continually simplify the construction process. We are dedicated and committed to a higher standard of service and a healthier environment. At Sambros, we pride ourselves on our superior techniques, customer service and quality assurance programs.

The main agenda of Sambros Technical Services is to provide ample technical services to all clients, using the latest equipment and technology.

OUR VISION

As a full service, technical service company, our customer's satisfaction is our number one priority. We provide the option of non-toxic products and eco-friendly equipment to ensure satisfactory project delivery for all of our clients. In the scope of conveniences, our clients can depend on us to provide quality technical services, construction services, plaster works, professional operations and maintenance, integrated facility management, and strong electrical work.

MORE ABOUT US

Sambros Technical Services is a leading firm in providing construction technical services. We are headquartered in UAE operating under umbrella of Sambros International. We foster innovation and take personal risks to improve our service offerings. We continuously strive to be the best in order to earn and securely maintain our leadership position as the premier provider of outsourced business technical services.

OUR STRATEGY

We work to establish strong long term relationships with our valued clients, while continuous efforts to offer them the highest level of service. Our reputation for quality and standards has attracted large number of clients throughout our operation.

INTEGRITY

We insist on open, honest and fair relationships with each other, our customers and business partners. We believe this is the only way to do business. We are honest and showing a consistent and uncompromising adherence to strong moral and ethical values.

PEOPLE

We respect our employees and value their contributions. We are dedicated to creating a work environment that is professionally challenging and personally rewarding. We believe in team work, and as a team, delivering exceptional results to our clients.

CLIENTS

We value our clients as business partners. We are dedicated to providing the highest quality of service to them and will treat their goals and objectives as our own. We will increase their competitive advantage by consistently exceeding expectations.

OUR SERVICES

01. PAINTING

Hiring a professional painting service comes with a host of benefits. For starters, the sambros technical staff are trained to properly deal with any painting challenge that may come up. We know when we need to power wash an exterior or use caulk to fill a tiny hole.

As our professional painting teams are constantly inspecting our own work, we can guarantee that we'll leave you saying WOW! Our team of painters will show up on time and provide you with the quality you expect in a timeline that's unexpected.

02. GLASS & ALUMINUM COMMISSIONING

If you're looking for a way to "wow" the people or add some extra flare to your home, getting glass and aluminum products installed is the way to go. We offer beautiful and sturdy products make your office or home beautiful.

Sambros Technical is the top choice for professional and affordable glass and aluminum installations and maintenance. We're proud to offer premier installation and repair services to residential and commercial customers. We'll be happy to follow your own design plan or collaborate with you to design the perfect addition to your home or business.

03. SWIMMING POOL COMMISSIONING

Pool ownership is a great investment in your home and family! We would love to partner with you to create a pool that fits your personal style, budget and lifestyle needs. We offer quality pool services for all stages of your pool's life including new pool construction, pool maintenance, pool repair and renovations.

We offer complete pool maintenance services. We can give your outdated pool a fresh new look. Whether you need a simple pool makeover, new equipment or a major overhaul, our experienced pool technicians can help you from start to finish.

OUR SERVICES

04. PLASTER WORKS

We provide plaster works services in high quality. To our team plaster is much more of an art than any other processes that go into making a home i.e. the technical and the critical stages of producing good quality work.

Our years of experience has helped create a team of highly skilled craftsman who is ready to handle all challenges. Our plasterers have been trained such that they are able to provide top of the line quality of work to our clients. We can plaster all interior walls, ceilings, feature walls and fireplaces.

05. ELECTRICAL FITTINGS & FIXTURES

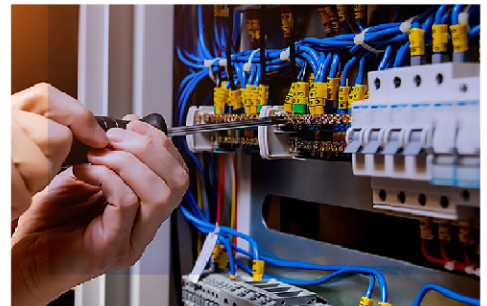

Sambros provides Electrical fitting and fixtures installation & maintenance services for diverse industries. Light & heavy-duty single and three phase wiring systems with fuse and control boards, supply and fitting of main switcher control panels for motors, starters, machine tools, and generator change over switches are all part of our electrical services.

We also undertake emergency lighting, office lighting and armored cable laying, wiring in both plastic and galvanised conduits and Wiring systems in trunking both plastic and galvanised. After installation of the electrical system we conduct comprehensive testing to ensure safety of our systems.

06. ELECTROMECHANICAL EQUIPMENT

Sambros Electro Mechanical Equipment Installation & Maintenance service division has been providing Engineering services and solutions for power sector. Over the years Sambros has achieved consistent growth in business due to our proven strength in providing specialised services and quality assurance with our highly dedicated manpower. We are supported by experienced professionals, precision tools and tackles and specialised testing equipments in line with state of art technology. This enables us to provide best services with absolute customer satisfaction.

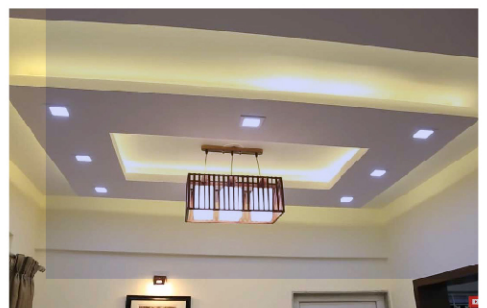

07. FLOOR & WALL TILING

It also involves the construction of small walls and steps from bricks or blocks. Our professionals will evaluate drawings, set out and gauge, remove any on hand covering, prepare surfaces, lay the tiles in the aspired pattern, grout, and finish high standards. Tiling is a way of arranging identical plane shapes so that they completely cover an area without overlapping. We cover all aspects of tiling, from small residential jobs and repairs to larger commercial ones. Our innovative features help accommodate you with luxury and indulgence in your everyday life with our broad line of high-quality floor tiling service.

08. FALSE CEILING & LIGHT PARTITIONS

We install of all kind of false ceiling and light partition works with the highest level of quality. The services we offer includes commercial interiors, retail shop interiors, offices interiors, hotel lobby interiors, hotel suites interiors and regular homes also. We also have a vast choice of designer ceiling tiles that can be used for providing acoustical insulation. The various types of insulation we stock include those that do not need any dismantling of your current ceiling, but simply adding on, with minimal disruption. We also offer the regular ceiling tiles found in various locations like school buildings, studios, hospitals, labs, etc, offering the specifications your need for your business.

OUR SERVICES

Our technical services cover a wide range of services which are needed for any construction be it the businesses or the homes. Our professional team will fulfill your needs based on the expectation of our clients.

09. CARPENTRY & WOOD FLOORING

HEALTH, SAFETY AND ENVIRONMENTAL POLICY STATEMENT

Sambros is committed to the health, safety and well-being of its employees, clients, subcontractors and all other that may be impacted by the operations. We recognize that good health, safety and environmental performance is paramount and, therefore, will provide all necessary funding to carry out its activities to ensure that all risks are minimized.

It will achieve this by:

- ✓ Eliminating hazards, conditions and situations that give rise to potential accidents. Where this is not applicable then measures will be put in place to reduce these hazards to manageable level.
- ✓ Training employees in safe working practice and ensuring that this knowledge is regularly updated.
- ✓ Regularly consulting with employees' representatives on the matter of health and safety and stressing that continuous progress is the responsibility of management and employees alike.
- ✓ Ensuring employees to understand their duties under the health, safety and environmental legislation.
- ✓ Providing safe working environment considering all the necessary protection of employees with regard to access and egress, machinery, lighting, housekeeping, safe working procedures and safe use of substances etc. Where this is not possible or applicable then protective equipment will be provided to protect against the hazards identified.
- ✓ Providing adequate first aid and fire lighting facilities, as well as accident prevention and health surveillance, to improve standards of safety and reduce accidents and lost time.
- ✓ Ensure that, equipment is left in a safe and secure position at all time when not in use.
- ✓ Ensure that, where necessary the work site is protected with warning signs.
- ✓ Ensure that, the work areas are kept clean and tidy.
- ✓ Ensure that, any spillages are immediately cleaned up.
- ✓ Ensure that all the waste materials are disposed in the correct place.
- ✓ Work to instruction given by supervision of other persons in authority.
- ✓ Wear any personal protective equipment issued to the employees and ensure it is in good condition.
